Financial Documentation

South Georgia Technical College will review the documents to determine that the applicant has enough funding to pay for all educational and living expenses for one academic year (9 months / 2 semesters), which is at a minimum of \$15,200.00 USD. Student (and/or sponsors) must show that funds are available to support the student while in the United States.

(If faxed or e-mailed documents are submitted, no I-20 can be issued.) All documents must be written in English. If the document is not in the English language, then a certified translation will need to be submitted with the document.

The student (and/or sponsor) must show that funds are available by submitting the documents below.

- **A bank statement or bank letter** verifying a minimum of \$15,200.00 USD is available to finance the first year of education and cost-of-living expenses. The bank letter or account statement should be certified with the signature and stamp of a bank official.
- **Submitting any other official documents** that prove that the student (and/or sponsor) could support the cost of tuition and cost of living.
- **If the student has a sponsor, the sponsor(s) permanently residing in the U.S. must complete the Form I-134 Affidavit of Support and have it properly notarized, along with providing the above documents. Sponsor(s) abroad are required to submit a notarized letter of support, along with providing the above documents.**

Financial documentation is required in all of these situations: applying for a student visa, transferring to SGTC from another school, requesting a program extension, requesting a reinstatement, or when changing your visa status from F to M.

Estimated Cost of Tuition and Living Expenses

Tuition and Registration Fee Expenses:

Immigration law states that international students must take a full-time course load each academic term. A full-time course load at South Georgia Technical College is considered 12 credit hours or more. Fees are capped at the 15 credit hour mark meaning that any credit hours above 15 are free to students. A credit hour for an international student is \$340.00. International Student fees for 12 credit hours is as follows: Tuition (\$4,080) + Registration (\$50.00) + Student Activity Fee (\$50.00) + Accident Insurance Fee (\$6.00) + Technology Fee (\$55.00) + Athletic Fee (\$35.00) + Instructional Fee (\$50.00) = \$4,326.00.

* Cost of tuition and fees are subject to increase annually. Federal financial aid is not available to international students but students are welcome to apply for outside scholarships. All South Georgia Technical College students are expected to pay their tuition and registration fees in full when they register for classes.

South Georgia Technical College has on-campus dormitories.

*The conservative figures below represent the minimal costs of living in Americus for 2 semesters. Cost of living depends on the situation of the student.

South Georgia Technical College accepts no personal liability for student's conduct, health, or off-campus activities.

Total for 9 months (2 semesters) ----- \$15,200.00

Books and Supplies (estimated)	\$248.00
Personal Expenses (estimated)	\$1,500.00
