

## Student Achievement Data

South Georgia Technical College evaluates and reports its success with respect to student achievement consistent with the college's mission. Annual goals for student achievement are established and published to keep the public informed of those goals and the college's success of goal achievement. Criteria examined for the student achievement include the following: Retention Rate, Graduation Rate, Total Placement Rate, In-Field Placement Rate, Full-Time Equivalent (FTE), and Dual Enrollment (High School). Goals are updated annually by October 31.
