South Georgia Technical College is doing its part to curb this usage and to educate our staff and students about the associated dangers. South Georgia Technical College will comply with all pertinent laws and regulations and is eager to join other educational facilities in this national effort to combat drug abuse. National and state certifications of intent to comply with these laws in order to continue to receive funds for financial assistance have been submitted.

The Federal Drug-Free Schools and Communities Act of 1990 contains Section 20, Drug-Free Schools and Campuses, which was enacted to ensure that any institution of higher education that received funds under any federal program has adopted and implemented a program to prevent the use of illicit drugs and abuse of alcohol by students.

No student may engage in the unlawful manufacture, possession, use or distribution of illicit drugs and alcohol on the Technical College's property or as part of any of its sponsored activities.

Such unlawful activity may be considered sufficient grounds for serious punitive action, including expulsion. Disciplinary sanctions for students convicted of a felony offense involving alcohol or the manufacture, distribution, sale, possession, or use of marijuana, controlled substances or other illegal or dangerous drugs shall be immediate suspension and denial of further state and/or federal funds from the date of conviction. Specifically, in the case of a drug-related offense, the student shall minimally be suspended for the remainder of the semester and forfeit all academic credit for that period.

WITHDRAWING FROM COURSES

Official Withdrawal

Students who would like to officially withdraw from one or all courses are strongly encouraged to consult with their Academic Advisor and the Financial Aid Office prior to withdrawing. Withdrawing from a course may negatively impact their academic status, financial aid eligibility and account balance. The student's official withdraw date will be the date the student initiates the withdrawal with the College. A student who wishes to withdraw from all courses must submit a drop form to the Registrar's Office via the online link found on the Registrar's page on the SGTC website. No withdrawals will be processed after the withdrawal period ends, which is two calendar weeks before the end of the semester.

South Georgia Technical College is required to determine the amount of earned and unearned portions of financial aid as of the date the student ceased attendance based on the amount of time the student spent in attendance or academic activity. Up through the 60% point in each semester, a pro rata schedule is used to determine the amount of funds the student has earned at the time of withdrawal. After the 60% point in the payment period or period of enrollment, a student has earned 100% of the Title IV funds the student was scheduled to receive during the period.

Unofficial Withdrawal

Students who stop attending class but do not officially withdraw are considered to be unofficially withdrawn. All students who are unofficially withdrawn before the midpoint of the term will be assigned an unofficial withdrawal date identified as the 50% point of the term. Students with documented academic activity beyond the midpoint of the term may be assigned a later withdrawal date.

Students who stop attending class, but do not formally withdraw, may receive a grade of 'F' and could face financial aid and/or Satisfactory Academic Progress repercussions in the upcoming semesters. Unless otherwise specified in a program/course of attendance procedure as required by the program accreditation/licensing agency, students will not be withdrawn by an instructor for attendance.

WITHDRAWING FROM COURSES CONTINUED

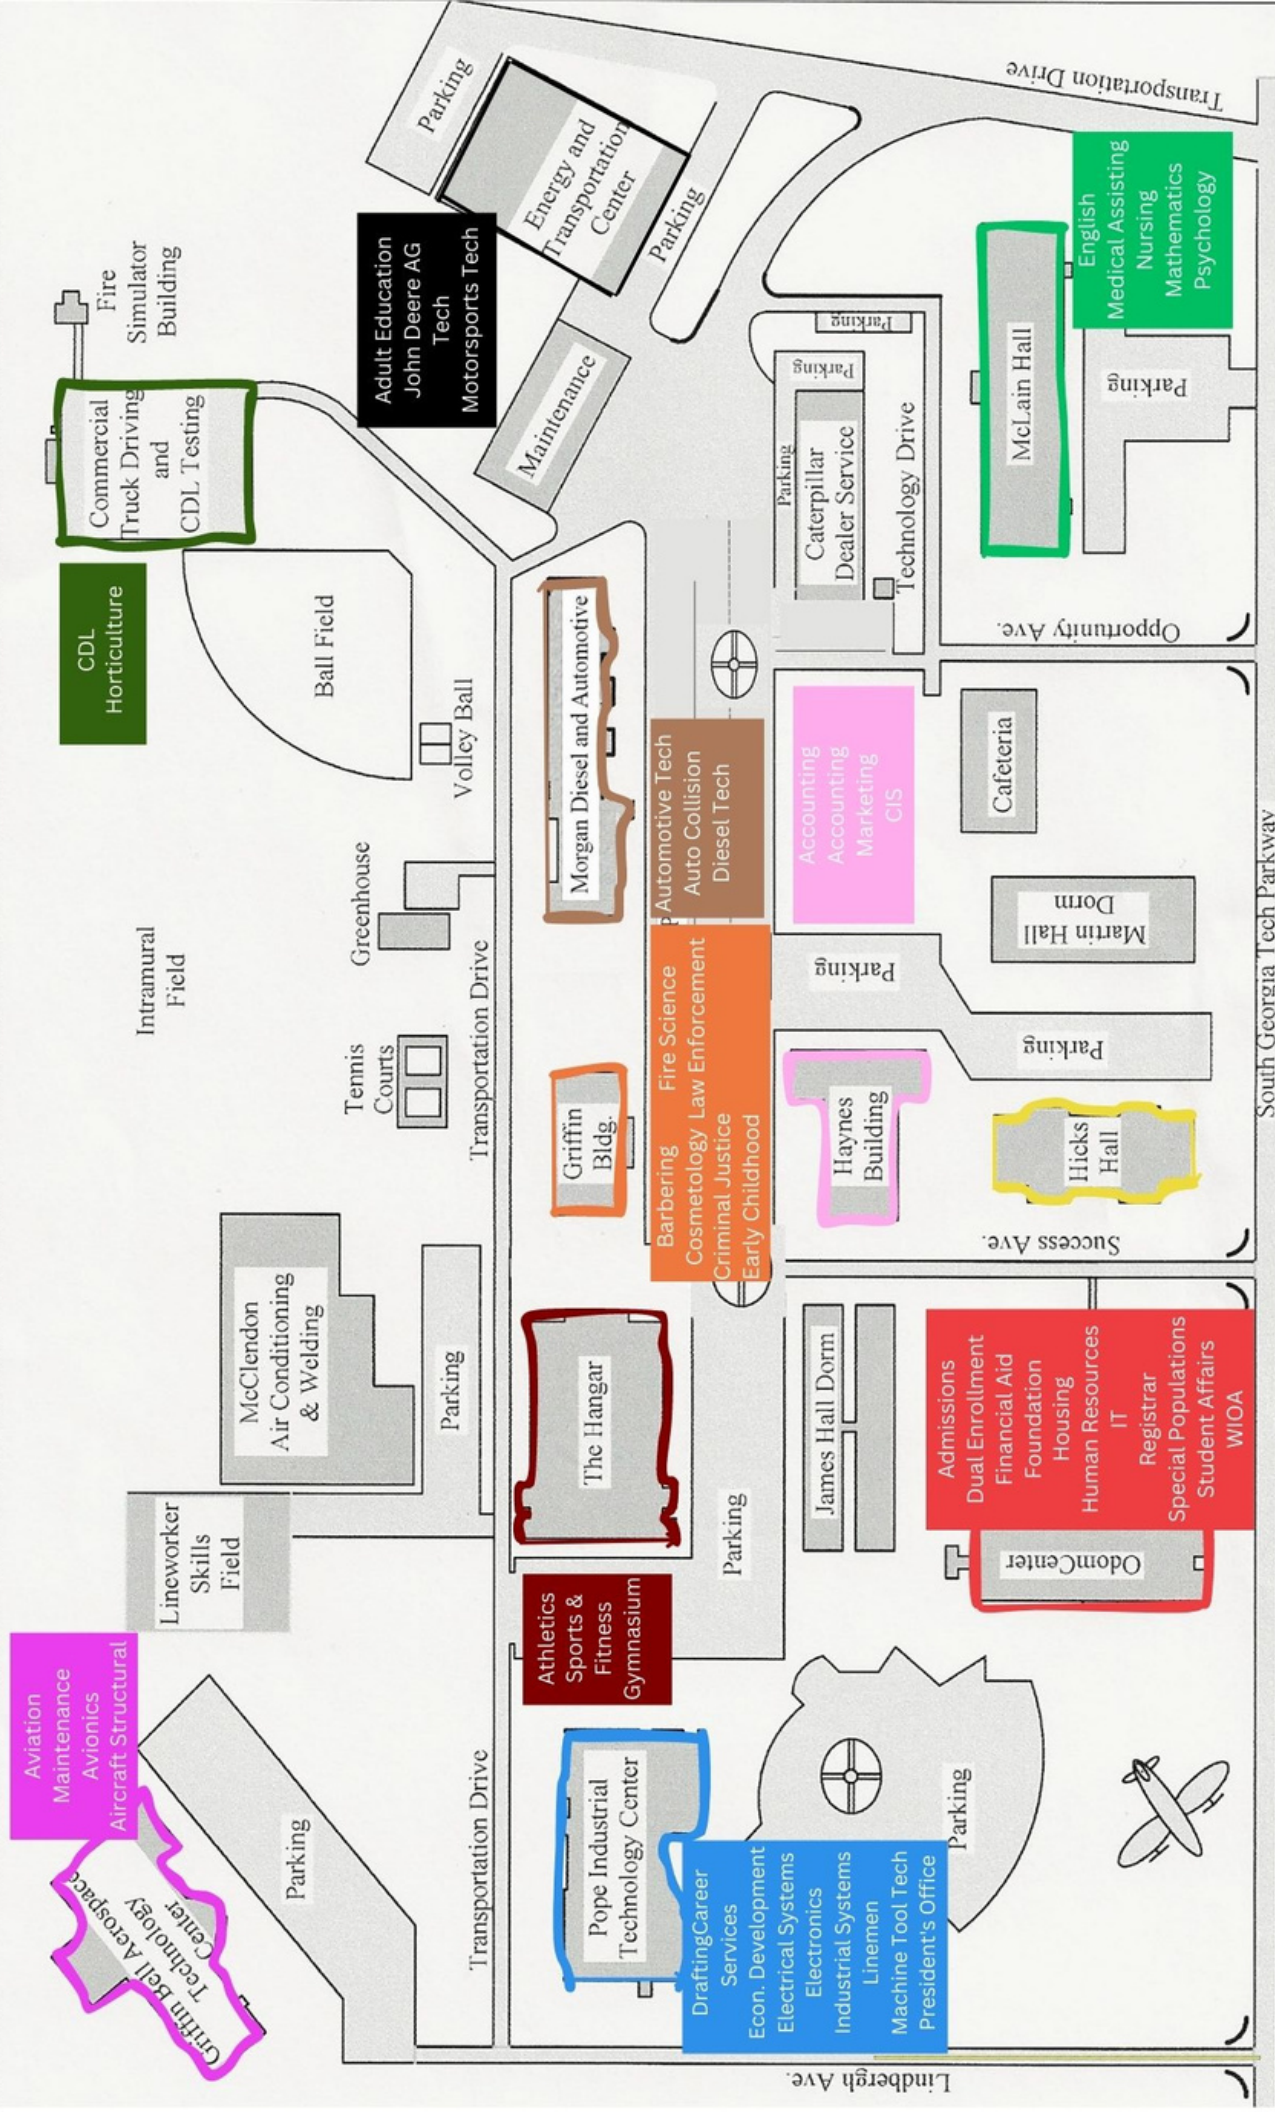

Last Date of Academically Related Academic Activity Guidelines

The last date of academically related academic activity (LDA) is to appropriately assess the academic standards and financial eligibility for students. The LDA will be documented by the instructor/faculty. An academically related activity is demonstrated through active academic activity (simply logging into an online class is not considered active academic activity). Academically related activities include, but are not limited to the following:

- Physically attending a class where there is an opportunity for direct interaction between the instructor and students*
- Submitting a current academic assignment*
- Completing an exam, an interactive tutorial, or computer-assisted instruction*
- Participating in an online discussion within a course*
- Initiating contact with a faculty member to ask questions or receive assistance about the academic subject studied in the course.*
